

Care Guide

A little care goes a long way. Every product from our collection is crafted with longevity in mind. We've gathered our knowledge and experience to share with you how to effortlessly prolong a lifespan of your furniture.

Our essential tips on how to protect noo.ma products

- Avoid placing the furniture in direct sunlight or near a strong heat source to reduce changes.
 - When you move your furniture, make sure you lift it to avoid damaging the floor, legs and mountings.
 - Use protective mats under pots or hot objects.
 - Always remove stains quickly before they can cause any permanent damage to the furniture.
 - Be careful not to scratch or damage the surface with sharp objects.
 - Avoid improper use such as putting your feet and standing on the table or sitting on the sideboards.
-

Melaminated boards

When cleaning is required we recommend a soft, damp cloth and water. If a detergent is needed it should be a mild one like soap or washing-up liquid. Always avoid using detergents that contain alcohol and ammonia or ones that have an abrasive or bleaching effect. When using soap or washing-up liquid, wipe it clean with water and wipe dry immediately. This is to avoid water remaining on the surface.

Fabrics

Most stains can be removed with water and any kind of a mild detergent like soap and then wiped dry. Do not scratch or rub it. We recommend vacuuming and cleaning fabrics occasionally.

Powder coated steel elements

Our powder coated steel parts must only be cleaned using water with any kind of a mild detergent like soap and then wiped dry.

Wooden/Veneer parts

Wood is a natural material, all veins and small knots are a part of wood's nature. Never place any hot objects, such as tealights and pots directly on the wooden surface, as this may leave permanent marks. All wooden/veneer elements must only be cleaned using lukewarm water and a mild detergent like soap and then wiped dry.

Glass

Our structured glass fronts must only be cleaned using lukewarm water and a mild detergent like soap and then wiped dry.
